HEAVY DUTY CLEANER

Versatile Cleaner & Degreaser - Compatible
With Most Substrates

- Ideal for fire, smoke and water damage restoration
- Flexible multipurpose cleaner

NET CONTENTS: 1 Gallon

For Professional Use Only

Disaster Restoration Products

HEAVY DUTY CLEANER

3027-1

RECON Heavy Duty Cleaner is a powerful, water soluble, cleaner and degreaser. Due to its chemical potency, this product is extremely effective in the removal of heavy accumulations of grease, oil, fats, carbon, ink, wax, dirt, soot, tar, asphalt, creosote, rust stains and many soils. It contains a fast acting powerful solubilizing agent that dissolves and suspends any soil, allowing it to be wiped or rinsed away completely.

DIRECTIONS

FOR LIGHT DUTY CLEANING: Dilute 2 ounces of concentrate per gallon of water.

FOR MOP CLEANING OR MACHINE SCRUBBING OF FLOOR FINISHES OR MEDIUM DUTY CLEANING: Dilute 3 or 4 ounces of concentrate per gallon of water.

FOR HEAVY DUTY INDUSTRIAL CLEANING: Dilute 6 to 8 ounces of concentrate per gallon of water. Apply a liberal amount of solution onto the surface to be cleaned and allow to stand for a few minutes to allow product to penetrate into soil. Brush or scrub surface and pick-up. Rinse thoroughly with clean water.

FOR USE IN AUTOMATIC SCRUBBERS: For daily maintenance of non-industrial floors, dilute 3 to 4 ounces of concentrate (depending on soil conditions) to each gallon of water in the solution tank. For use in heavy industrial applications: Dilute 8 to 12 ounces of concentrate (depending on soil conditions) to each gallon of water in the solution tank.

FOR USE IN PRESSURE WASHERS: Adjust spray nozzle to deliver 1 part concentrate to 30-60 parts water depending on soil conditions. Rinse thoroughly with clear water.

These directions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be used. Always test sensitive substrates such as marble, tile, and painted surfaces in an inconspicuous area to determine if the solution will adversely affect the target material.

CAUTIONS

WARNING: EYE AND SKIN IRRITANT. Avoid contact with skin, eyes, and clothing. Wear protective rubber gloves when handling. Wear protective eyewear (chemical splash goggles) where potential for mist contact may occur. Use in well ventilated areas. Avoid breathing of vapors or mists. Do not take internally. Harmful if swallowed. Keep out of the reach of children. Store in a closed container. Store in a dry place at temperatures between 40°F (4.5°C) and 90°F (32°C). Dispose of contents/container in accordance with all local, state, and federal regulations. For professional use only.

FIRST AID

EYE CONTACT: Flush with water while holding eyelids open for at least 15 minutes. Call a physician immediately.

SKIN CONTACT: Remove contaminated clothing. Wash thoroughly with water. If irritation persists, call a physician immediately.

INGESTION: Do not induce vomiting. Immediately drink large quantities of water. Contact a physician.

INHALATION: Remove to fresh air. Seek medical attention if symptoms persist.

CONTAINS: Water (7732-18-5), Nonylphenol Ethoxylate (9016-45-9), Tetrasodium EDTA (64-02-8), Amphoteric Surfactant (119345-04-9), Sodium Metasilicate (6834-92-0), Propylene Glycol N-Butyl Ether (5131-66-8), Dipropylene Glycol Methyl Ether (34590-94-8), d-Limonene (5989-27-5)
