RE: Reauthorization of L-B-C Lead Barrier Compound Type III / Child Guard Lead-Based Paint Encapsulant

Dear Mr. Stanton:

On March 1, 2000, this Department authorized L-B-C Lead Barrier Compound Type III / child guard for use as a liquid lead-based paint encapsulant product in the State of Connecticut pursuant to §19a-111c of the Connecticut General Statutes.

L-B-C Lead Barrier Compound Type III / child guard encapsulant is hereby reauthorized for use as a liquid lead-based paint encapsulant product in the State of Connecticut.

The registry of authorized products is being revised by this Department to reflect the reauthorization of L-B-C Lead Barrier Compound Type III. Until the revised registry is published, you may use this letter as verification of reauthorization. Use of these products must be consistent with all applicable laws, regulations, and manufacture's directions and in accordance with your submitted application materials.

Be advised that this reauthorization may be revoked or modified by the Department for cause in accordance with Connecticut General Statute §19a-111c.

Should you have any questions or concerns in regard to this reauthorization, please contact Mr. Alan J. Buzzetti, Supervisor, Lead Environmental Management Unit at 860- 509-7299.

Sincerely,

Thomas H. Furgalack, MPA, RS
Director
Division of Environmental Health
